SUBJECT: ENDORSEMENT OF DR. NIZAM RAZACK FOR UNITED STATES CONGRESS

To Whom It May Concern:

I am honored and proud to endorse Dr. Nizam Razack for the United States Congress representing Florida's 11th Congressional District.

I have known Dr. Razack for more than twenty years. During that time, I have come to know him not only as a brilliant brain and spine surgeon, but also as a man of exceptional character, integrity, compassion, and an unwavering commitment to serving others.

Dr. Razack personally performed two life-saving surgeries on me. In addition, I have confidently referred numerous friends, family members, and business associates to him over the years. In every case, he demonstrated extraordinary medical skill, professionalism, and genuine concern for the well-being of his patients. Through decades of service, he has earned the trust, gratitude, and respect of thousands of families throughout Florida and across our nation.

America's healthcare system faces enormous challenges. Costs continue to rise, access to quality care has become increasingly difficult, and too many healthcare decisions are being made by bureaucrats rather than medical professionals. Few individuals are better qualified to address these challenges than Dr. Razack.

As a world-renowned neurosurgeon, healthcare educator, law professor, entrepreneur, and philanthropist, he understands healthcare from every perspective patient, physician, educator, employer, and policymaker. He brings real-world experience, practical solutions, and a results-oriented approach that is desperately needed in Washington.

What distinguishes Dr. Razack even further is that he is not seeking public office for personal gain. Quite the opposite. Serving in Congress would represent a substantial financial sacrifice for him. He is running because he believes in America, believes in public service, and believes future generations deserve a stronger, safer, and more prosperous nation.

As a Jewish American, I am especially proud to support my longtime Muslim American friend. Our friendship reflects one of the greatest strengths of our country: Americans of different faiths, backgrounds, and experiences united by shared values, mutual respect, and a common love for our nation.

As I often tell people:

"Dr. Nizam Razack saved my life, earned my trust, and has dedicated his life to helping others. If he can solve some of the most complex problems in medicine, he can help solve the problems facing America. Throughout his career, he has demonstrated the intelligence, integrity, compassion, and leadership our country desperately needs. That's why I proudly support Dr. Razack for Congress."

Dr. Razack is a true patriot, a proven leader, and a man who has dedicated his life to improving the lives of others. His record of service, professional achievement, compassion, and commitment to the American Dream make him uniquely qualified to serve the people of Florida's 11th Congressional District.

At a time when America needs problem-solvers more than politicians, Dr. Razack stands apart. He has spent his life solving complex problems, helping families through difficult times, creating jobs, educating future professionals, and giving back to his community. Washington needs more leaders with real-world experience and a proven record of results.

I strongly encourage the voters of Florida's 11th Congressional District to support Dr. Nizam Razack for Congress and send a proven leader, healer, problem-solver, and constitutional conservative to Washington.

Respectfully,

[Brett Kingstone \(May 31, 2026 02:02:40 EDT\)](#)
